

N R MANOJ KUMAR

BCA Student | Artificial Intelligence Enthusiast

CONTACT

Phone: 9019880085

Email: manojkumar042007appu@gmail.com

Location: Bengaluru, Karnataka, India

SKILLS

- Python
- Java
- C++
- Artificial Intelligence Basics
- Object-Oriented Programming (OOP)
- Problem Solving
- AI Tools (ChatGPT)

EDUCATION

Bachelor of Computer Applications (BCA) – Artificial Intelligence
St. Claret College, Bengaluru, Karnataka, India

PROFESSIONAL SUMMARY

Motivated BCA student specializing in Artificial Intelligence at St. Claret College, Bengaluru. Strong interest in technology, artificial intelligence, and software development. Completed academic projects related to AI decision-making systems and object-oriented programming. Eager to gain practical experience and develop strong technical and analytical skills.

PROJECTS

- **Autonomous Agents and Robotics Decision Making:** Research activity on how autonomous agents and robots use artificial intelligence to analyze data and make decisions without human intervention.
- **Evolution of Storage Devices:** Study of data storage technologies from early storage systems to modern solutions like hard drives, SSDs, and cloud storage.
- **Object-Oriented Programming Concepts:** Research activity on encapsulation, inheritance, polymorphism, and abstraction implemented using Java.

HOW I USE AI

Used AI tools such as ChatGPT to improve written content, organize portfolio sections, and refine academic project descriptions in a clear and professional way.
